9<sup>th</sup> September 2021

**Dear friends at St John's Stoneleigh,**

Thank you very much for your recent donation of £500 for RUSH Kenya. As you will know, this ministry is run by Andrew and Lucy Amukowa in the district of Kakamega Kenya. They serve vulnerable families in Kakamega through various ministries including primary and secondary schools, a vocational centre, women's empowerment work, running a church and more. They have boldly followed God's call on their lives to step out in faith to grow an ambitious ministry to reach people in desperate needs.

We are currently focussing on helping them to run their schools with the limited funds they have from fee-paying parents and our child sponsorship scheme. This is not an easy task as few parents can pay fees and we need more sponsors. Families are really struggling with the economic impact of lockdown. Donations like this one will really help us to run this school. Thank you for helping us to empower children in Kakamega through education.

We look forward to visiting your church later in the year to share more about RUSH Kenya and to catch up with you all. Thank you again for your generosity.

Kind regards,

Alison Mbugua  
**Operations Director**
